FROM OREGON!

THE MESSAGE OF GEN. LANE To the Territorial Legislature.

LETTER FROM JUDGE BRYANT INTERESTING INTELLIGENCE!

OREGON CITY, August 18th, 1849.

To the Editors of the Indiana State Sentinel: Enclosed I send vou the message of our mutual friend, Gov. LANE, to the Legislative Assembly of the Territory of Oregon. This document, as well as all the Governer's official acts, shows the good sense, and I may add, the good heart of the man, and is well received here by the citizens, and assembly. The Governor is very prompt in defending the Indians in their fisheries and other rights, essential to their comfort and subsistence, and on the other hand exacts from them more respect to the rights of our citizens than one not accustomed to them would suppose them capable of yielding. We have had no late difficulties with them, and I believe his policy will secure us against any future difficulty. The Governor is almost constantly en- on Puget's Sound for the protection of the about nine thousand, will be doubled in the people, and ultimately be productive of the gaged in hearing their petty grievances, and redressing them in a plain and summary way, that makes them pay respect to the rights of one another, and abstain from depredations upon the citizens. Our legislature is in session. They are men of good sense, and well understand the wants of the people of the Territory. Several of them have filled important stations in the States, and Col. Chapman was once a delegate in Congress from Iowa. The courts in court in Linn county, in this, in Champoeg, and next week will hold court in Clackamus, and week after in Vancouver, which will end my circuit. Judge Pratt's circuit will commence 1st Monday in September. I found but little business to do. The Grand Jury found four or five indictments for small offences, such as hog stealing, and stealing crime, the extinguishment of their title by horses from the Indians, &c., in Champoeg. Such things will happen at first, but I think, judging from the mass of the citizens, who of most vital inportance to them. Indeed are mainly very orderly and honest, that these lawless characters will not long remain removal from causes and influences so fatal amongst us. I was up this, the Willamette to their existence.
